# Hazelwood School

We are delighted with the performances of all the children from 2019-20's Oak Reception classes. In spite of COVID, Hazelwood went forward and completed their end of year Assessments. The School were not required to do so but felt it important to benchmark their progress and levels of achievement. In the absence of any regional and national statistics, last year's figures are included for comparison. Their performance is testament to their hard work and to the inspiration of the staff who have created a stimulating and supportive environment in which the children want to learn.

Well done to everyone!

Category	Group	Hazelwood Score	National Average	Surrey Average
